SINGLE EQUALITY SCHEME

For all enquiries about the scheme please contact

Nina Kemp	(Headteacher)

Martin Pretlove	(Chair of Governors)

We welcome the equality duties in schools, and regard these as essential for achieving the five outcomes of the Every Child Matters framework. We believe that all pupils and members of staff should have the opportunity to fulfil their potential whatever their background, identity and circumstance. We are committed to creating a community that recognises and celebrates difference within a culture of respect and cooperation. We appreciate that a culture which promotes equality will create a positive environment and a shared sense of belonging for all who work, learn and use the services of the school. We recognise that equality will only be achieved by the whole school community working together – our learners, staff, governors and parents in particular. Throughout this Scheme, ‘parents’ can be taken to mean mothers, fathers, carers and other adults responsible for caring for a child.

This Single Equality Scheme provides a framework for the school to promote equality, inclusion and good community relations, and to tackle prejudice, discrimination and their causes in a holistic and proactive way.

Our Single Equality Scheme is based on the core principles that its effectiveness will be determined by

- active involvement with key stakeholders, not just in developing this Scheme but also in its review and implementation
- proactive leadership
- prioritising activities that produce specific, tangible improved outcomes
- removal of attitudinal and cultural barriers

We have incorporated our individual policy for race equality, and our disability and gender equality schemes into one overarching Single Equality Scheme to create a coherent framework for promoting equality and diversity within the school. We have identified a set of priorities to promote equality, inclusion and community cohesion. Our Scheme includes a plan of action to address these priorities over the next three years. We recognise that improving outcomes such as attendance or attainment for a specific group of pupils will help to improve the outcomes for all. Our commitment to equality is thus a fundamental part of the Trust vision to create and foster a culture of high aspiration, enjoyment for learning, academic success and lifelong skills amongst all pupils, regardless of their social, economic or cultural background.

National and Legal Context for Diversity

All schools have duties to promote race, disability and gender equality. The general duty to promote race equality means that we must have due regard to

- eliminate unlawful racial discrimination
- promote quality of opportunity
- promote good relations between people of different racial groups

The general duty to promote disability equality means that we must have due regard to

- promote equality of opportunity between disabled people and other people
- eliminate unlawful discrimination
- eliminate disability-related harassment
- promote positive attitudes towards disabled people
- encourage participation by disabled people in public life
- take steps to take account of disabled people's disabilities, even where that involves treating disabled people more favourable than other people

The disability equality general duty reinforces the reasonable adjustment duties of the Disability Discrimination Act (DDA). In particular, it complements, and in some cases overlaps with, the anticipatory duty to make adjustments.

The general duty to promote gender equality means that we must have due regard to

- eliminate unlawful discrimination and harassment
- promote quality of opportunity between men and women

Schools also have specific duties under these three promotional duties. This Scheme demonstrates our response to both the general and specific duties.

Schools have a duty to promote community cohesion, developing good relations across different cultures, ethnic, religious and non religious and socio-economic groups. There are no statutory requirements for schools to have a policy or action plan for promoting community cohesion. However, we have incorporated our priorities into our Single Equality Scheme and Equality Action plan to make it easier to monitor our progress and performance in meeting the requirements of this duty. Although there are no equivalent promotional duties in relation to age, sexual orientation and religion or belief, we must ensure that we do not discriminate on these grounds. This Scheme includes our priorities and actions to eliminate discrimination and harassment for these equality areas.

School Context

The Basildon district is situated in the southern part of Essex, 30 miles east of London. Covering some 42.5 square miles, the district includes the towns of Basildon, Billericay and Wickford. Some 70% of the district is rural with large areas of open farmland and scattered rural developments. Basildon is the largest district in the East of England region and the council serves a population of approximately 176,000 people. The main areas of employment are engineering, retail, distribution and financial services. As a major player in the Thames Gateway region, Basildon is a priority area for regeneration and is recognised as the business and economic hub of south Essex. Basildon is now the second biggest employment zone in the Thames Gateway, outside of Canary Wharf.

The School

Whitmore Primary School is a larger than average sized primary school with 557 pupils currently on roll. We now admit 90 pupils per year group, previously 75. According to census information the school, as part of the Fryerns ward of Basildon, serves a community which is deemed to have low percent of high social class households with a lower than average percentage of adults who have experienced higher education. 12% of our pupils are from minority ethnic groups compared to 23% nationally, 7.7% of pupils do not have English as a first language and 12% of pupils are deemed to have special educational needs compared to 19.7% nationally. 32.4% of pupils are eligible for Free School Meals (FSM). There is 1 child in care.

Involvement of staff, pupils and parents

Developing our Scheme

The involvement of a diverse group of people has been instrumental in shaping our Single Equality Scheme and Equality Action Plan. We have strived to involve the full diversity of our school and community, recognising that people who share an aspect of their identity in relation to race, disability, gender, age, sexual orientation and religion or belief are best placed to identify key issues for us to address. In developing our Scheme, we have involved staff, pupils and parents in the following ways

- focus groups
- questionnaires
- involvement of the school council
- contact with disabled parents

These activities have involved disabled people, people from different ethnic communities and gender by specific contact and liaison.

We have identified the following **priorities** as a result of these activities

- physical access to the school building for different events
- reserving seats for presentations and concerts
- reserving places for the children in after school activities
- ensuring that staff and school office are aware of any communication/language issues

Ongoing development

We have strategies in place to promote the participation of pupils in decision-making and in making a positive contribution to school life. We will embed equality and inclusion into these strategies so that learners from diverse backgrounds are involved in shaping provision and improving practice. We ensure that outcomes from these involvement activities are acted upon by the school's senior leadership team.

Strategies to promote inclusion are:

- action teams – membership by pupil, parent and governor
- pupil focus groups and School Council
- Advantage Fund to involve families and pupils in specific activities during and after school with a subsidy or free
- pupil surveys led by the Healthy Schools coordinator

Information Gathering

We will collect a broad range of qualitative and quantitative information to monitor our policies and practice and to demonstrate our progress in equality, inclusion and community cohesion. The single equality approach helps us to more effectively monitor our progress and performance, as our pupils and staff may face more than one barrier to achieving their full potential.

Pupils

We collect the following information

Admissions, attendance, attainment and progression, awards, rewards and sanctions, take up of extended schools provision, participation in action teams and special groups, complaints, racist incidents and bullying.

We have identified the following **priorities** from evaluation of this information

- wave 2 & 3 pupils attainment and progress rates
- ensuring a wider participation in school groups
- responding to specific requests for additional clubs and learning to involve more pupils (not just sport)
- recording bullying incidents on the new Trust documentation

We will ensure that the information we gather will be used to promote equality by

- writing raising attainment plans each term based on data reviews of all pupils and vulnerable groups
- coordinating provision with the Extended Services Team for social and emotional family and pupil learning opportunities

Staff

We collect the following information

Staff recruitment and retention returns annually, performance management reviews, CPD provision and attendance, discipline, grievance and competency, lesson reviews and feedback, cessation of employment.

We have identified the following **priorities** from evaluation of this information

- review the balance of gender and race in employment at all levels across the school. We will ensure that the information we gather will be used to promote equality
- where the best candidates for a post are representative of any group then the candidate selected will support equality of opportunity by gender, race or disability

Others

We will seek to gather the views regularly of all our parents and will review the feedback to provide specific feedback in these areas

- absent parents
- disabled parents
- parents with communication barriers through direct liaison by the Headteacher, Admin Manager or Governor

We will look for ways to improve practice as well as ways to eliminate discrimination and harassment. We have a programme of carrying out impact assessment process into all new policy development and decision making activities.

We will do this through

- annual/cycle reviews of policies by staff and governors
- annual/cycle reviews of progress and attainment for all pupils and vulnerable groups
- pupil progress meetings and attainment plans

Working in Partnership

We recognise that achieving equality, inclusion and good community relations involves working effectively and in partnership with others, including parents, community groups and local organisations.

We will always aim to reschedule consultations and meetings to accommodate the needs of parents where possible.

Putting the Scheme into Practice

Publishing the Scheme, raising awareness

We recognise that our Scheme is a public document that should be available to any interested stakeholder. We will promote and publish our Scheme by:

- placing it on our website
- making it available on request
- providing a summary in our prospectus, including our vision and key priorities
- reference the Scheme within the staff handbook

Monitoring and evaluating the Single Equality Scheme and Equality Action Plan

We will regularly monitor and evaluate the implementation of our Single Equality Scheme and Equality Action Plan. We will report annually on our progress and performance. Our annual report will be shared with Governors and our School Improvement Partner. We will inform staff and learners of our progress. This report will be written by the governor responsible for monitoring the school equality duty.

The findings of our annual report will be used to update the Equality Action Plan and inform subsequent Single Equality Schemes.

We want this Scheme to be a 'whole organisational' document that drives forward equality and achieves improved outcomes. We will therefore ensure that the Equality Action Plan is an integral part of our School Improvement Plan, and as such our progress will have regular oversight by the senior leadership team and the governing body.

We will formally review, evaluate and revise this Single Equality Scheme and Equality Action Plan every three years, to set new priorities and identify new actions. This process will again involve staff, learners, parents and governors who reflect the full diversity of the school community.
